DETAILED ACTION

Priority

1. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

Information Disclosure Statement

2. The Information Disclosure Statement, filed February 25, 2004, is acknowledged and has been considered.

Allowable Subject Matter

3. Claims 1-5 are allowed.
4. The following is an examiner's statement of reasons for allowance: the prior art neither anticipates nor makes obvious a power steering apparatus having all elements as claimed, including a reference assist characteristics setting section and motor driving target value setting section as claimed in detail, specifically combined with a shifting amount setting section for setting during distinct forward and return stroke steering, a shifting amount of a corrected assist characteristic. The above recitation, combined with the rest of the structure in the independent claim, clearly defines over the art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Art Unit: 3611

Conclusion

5. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Endo (U.S. Patent No. 6,744,232), Tanaka et al. (U.S. Patent No. 6,768,283), Kifuku et al. (U.S. Patent No. 6,711,484), Okanou et al. (U.S. Patent No. 6,272,410), Nishimoto et al. (U.S. Patent No. 6,240,349), Yamawaki et al. (U.S. Patent No. 6,091,214), Shimizu et al.
